Foreword

The pathways through high school are memorable ones. We hope that through this book, we have portrayed a span of these pathways to the future upon which each of us travels.

Education is in itself a wide and heavily traveled pathway. There are many forks in this pathway—each leading to some goal set by those who are traveling upon it.

We are proud of our faculty who are the guideposts along our pathway through high school. Without them our trek would be futile.

Our desire is that this edition may afford pleasure to the student body, the faculty, and the parents both now and in the years to come.

We, the Seniors, Dedicate The 1965 Century to You . . . Mr. Paul Huizenga

During the past four years, you have given us all that could be asked for and more. Not only have you been our teacher but also our adviser and friend. From our freshman party to our senior prom, you have gone through our many problems and good times with us. Your understanding guidance will remain in our hearts and minds for years to come. For all these things, we dedicate with pride, the 1965 CENTURY, to you, Mr. Paul Huizenga.

As annual adviser, he helped the co-editors choose the letter style.

The use of educational films supplements his biology course.

OFFICE OF THE PRINCIPAL

TO THE CLASS OF 1965

Dear Seniors:

Many students have graduated from Kelloggsville High School since the initial group of six received their diplomas in 1938. You, the Class of 1965, are the twenty-eighth graduating class, and the largest.

Each class has special characteristics which distinguish it from other graduating classes. You have been cognizant of the needs of others and have made a sincere effort to meet these needs. In athletics, you have been rugged competitors and gentlemen. You have provided the student body with intelligent leadership and have set an example of school loyalty.

Many changes will take place in the years ahead. The world, as we know it today, will not be the same in the future. Basic values do not change; respecting the dignity of each man and recognizing the importance of individual freedom should guide your actions through life.

We have confidence that each of you will be an active citizen, making a worth-while contribution to society in whatever you choose to do.

The faculty and administration have faith in you.

Our best wishes go with you.

Sincerely,

Frank Hunnes

This year's second all-school play was the first musical comedy ever for Kelloggsville High School. The Kimbrough-Skinner play, *Our Hearts Were Young and Gay,* was presented on February 18 and 20, 1965. Over 100 students worked on this production, which was very well received by the audience.

STAFF OF DIRECTORS: Mr. Lewis, Musical; Miss Fibiger, Technical; Mr. Hazelton, Musical; Mr. Conaty, Musical; Mr. Hoffman, Dramatical.

"Let us be your guides . . ."

The final all-school play of the year was the controversial court room drama, "Inherit the Wind." The drama proved to be an entertaining contrast to the two previous all-school plays—a comedy and a musical.

The Juniors played host to the Seniors at the Junior-Senior Prom this year, on the night of May 8, at the Latvian Club in Grand Rapids. This year marked the innovation of serving a banquet as well as having a dance. Both of these were well attended and successful.

The decorated tables lining the walls of the dance floor were a popular spot.

There was so much to talk about!

A DREAM BECOMES REALITY

This past year in the United States was the realization of a long dreamt wish. But the reality turned out to be even more wonderful than the dream.

I want to thank all of you who helped to make this year a success. Maybe you don't even realize that you helped, but it was the friendliness of the whole student body, of the teachers, of the neighbors, and my family which made me feel at home in this community in the "New World". I really enjoyed this exchange through which I gained many new friends and learned so many things.

There will always be a warm spot in my heart where my American experiences are kept.

THE ROAD NOT TAKEN

Two roads diverged in a yellow wood,
And sorry I could not travel both
And be one traveler, long I stood
And looked down one as far as I could
To where it bent in the undergrowth;

Then took the other, as just as fair,
And having perhaps the better claim,
Because it was grassy and wanted wear;
Though as for that the passing there
Had worn them really about the same,

And both that morning equally lay
In leaves no step had trodden black.
Oh, I kept the first for another day!
Yet knowing how way leads on to way,
I doubted if I should ever come back.

I shall be telling this with a sigh
Somewhere ages and ages hence:
Two roads diverged in a wood, and I—
I took the one less traveled by,
And that has made all the difference.
